Programs at BADM

Discover-It-Yourself

Discover-It-Yourself (DIY) Visits are a great way for your school group to explore BADM. During these self-guided field trips to the museum, classes explore BADM's 7.5 acres of indoor and outdoor space. Your students will join in creative, STEM-based programs; experience our permanent and traveling exhibits; and more!

Grade Levels: Pre-K – 3rd Grade

Group Size: Between 10-80 students per field trip

Pricing: \$9.95 per person. Scholarships available.

Chaperone Policy: One complimentary adult is required for every five students. Additional adults are \$9.95 per person.

STEM Workshops

Bring STEM to life for your students through engaging NGSS and Common Core aligned STEM Workshops. STEM Workshops are facilitated by BADM's dynamic museum educators and pair multisensory exploration of STEM content with collaborative problem solving and creative thinking.

STEM Workshops at BADM include admission to all museum spaces and programming!

Group Size: Up to 30 students per session. Schools may book up to two sessions per day.

Pricing: \$300 per session. Scholarships available.

Chaperone Policy: One complimentary adult is required for every five students. Additional adults are \$9.95 per person.

Programs at Your School

STEM Workshops

BADM's expert educators facilitate STEM Workshops at your school.

Group Size: Up to 30 students per session. Schools may book a minimum of two and a maximum of four sessions per day.

Pricing: \$300 per session. Mileage fees may apply. Scholarships are available.

Try It Truck Programs

Bring BADM's engineering-lab-on-wheels to your school! During Try It Truck NGSS aligned programs, students build creative problem-solving skills by exploring engineering challenges at multiple hands-on stations. Different engineering challenges will be offered in the fall and spring, and all stations are aligned to Engineering and Physical Science NGSS Standards.

Programs can occur outdoors in a blacktop area, or in a combination of outdoor and indoor spaces.

Grade Levels: K – 5th Grade

Group Size: Each session can accommodate 2-3 classrooms. Schools may book a maximum of three sessions per day, and may book multiple days in a row if more than nine classes want to participate.

Pricing:

- Two Sessions (4-6 classrooms): \$1,150
- Three Sessions (7-9 classrooms): \$1,350
- Scholarships available.
