

# Dates and Themes by Age Group

## 3 year olds

3-year-old camps are 2-week sessions

June 17 - 28	Becoming an Artist!
July 8 - 19	Becoming a Scientist!
July 22 - August 2	Being an Engineer!

## 4 year olds

June 10 - 14	Art Adventures	Tiny Tinkers	Wild Wonders
June 17 - 21	Art Adventures	Tiny Tinkers	Wild Wonders
June 24 - 28	Art Adventures	Tiny Tinkers	Wild Wonders
July 1 - 3	Art Adventures	Tiny Tinkers	Wild Wonders
July 8 - 12	Art Adventures	Tiny Tinkers	Wild Wonders
July 15 - 19	Art Adventures	Tiny Tinkers	Wild Wonders
July 22 - 26	Art Adventures	Tiny Tinkers	Wild Wonders
July 29 - August 2	Art Adventures	Tiny Tinkers	Wild Wonders
August 5 - 9	Art Adventures	Tiny Tinkers	Wild Wonders
August 12 - 16	Art Adventures	Tiny Tinkers	

## 5-6 year olds

June 10 - 14	Craft Masters			Game On!	
June 17 - 21	Stellar Scientists	Craft Masters		Captain's Camp	Game On!
June 24 - 28	Stellar Scientists		Super Superheroes	Captain's Camp	Game On!
July 1 - 3	Stellar Scientists			Captain's Camp	
July 8 - 12	Stellar Scientists	Craft Masters	Super Superheroes	Captain's Camp	Game On!
July 15 - 19	Stellar Scientists	Craft Masters	Super Superheroes	Captain's Camp	Game On!
July 22 - 26	Stellar Scientists	Craft Masters	Super Superheroes	Captain's Camp	Game On!
July 29 - August 2	Stellar Scientists	Craft Masters	Super Superheroes	Captain's Camp	Game On!
August 5 - 9	Stellar Scientists	Craft Masters	Super Superheroes	Captain's Camp	Game On!
August 12 - 16	Craft Masters	Craft Masters	Super Superheroes	Captain's Camp	Game On!

## 7-8 year olds

June 10 - 14	Lights, Camera, Camp
June 17 - 21	Wild Discoveries
June 24 - 28	Lights, Camera, Camp
July 1 - 3	Wild Discoveries
July 8 - 12	Lights, Camera, Camp
July 15 - 19	Wild Discoveries
July 22 - 26	Lights, Camera, Camp
July 29 - August 2	Wild Discoveries
August 5 - 9	Lights, Camera, Camp
August 12 - 16	Wild Discoveries

# Summer Camp Guide

## 3 year olds:

### **Becoming an Artist!**

Campers will discover their inner artist as they paint, draw, sculpt, and collage creations of their imagination! Explore lines, texture, shape, and color while discovering the wonders of clay, paint, paper, glue, and beyond!

### **Becoming a Scientist!**

Campers will unleash their curiosity in the laboratory of life! Concoct mixtures, dissect and inspect plants, craft herbal formulas and discover the dance of light and shadow. Little ones will experiment with tools like beakers, magnifying glasses and light tables as they learn with friends new and old!

### **Being an Engineer!**

Learning to Think, Make, Try with our littlest learners! Campers will bring their imagination to life in the Think, Make, Try studio as they draw blueprints, create prototypes, make hypotheses, test it out, try again: learning the process of bringing dreams to life.

## 4 year olds:

### **Art Adventures:**

Campers will set out on a journey of self-expression and creative discovery as they dance across canvases with their feet as paintbrushes, blend pigments into colorful potions and design epic pasta collages. From creating the coolest of ice paintings to collaborating on larger-than-life murals, every moment is sure to spark imagination and creativity!

### **Wild Wonders:**

Welcome wild ones! Campers will venture through rainforests, tundra, oceans and deserts as they learn about and become the animals that call these epic environments home. From building nests to spinning webs to exploring the lifecycle of butterflies, young discoverers will connect with the earth and its creatures as they explore the wonders of the world!

### **Tiny Tinkers:**

Embark on a journey of experimentation! Through constructing gravity-defying spaghetti towers, designing dynamic marble runs and mastering the art of paper airplane engineering, campers will discover a whole new world of possibilities as they tinker. Tiny Tinkers is a week that will spark innovation and unleash your camper's little engineer within!

## 5-6 year olds:

### **Craft Masters:**

Craft and create a world of possibilities! Guided by creative instincts and infinite possibilities, campers will delve into darkness with sightless painting, dance with the sun as they craft their own suncatchers and explore the magic of light and darkness with shadow tracing art!

### **Stellar Scientists:**

Welcome to the learning laboratory. Campers will soar through the phases of the moon, design constellations, unearth secrets hidden in owl pellets, and step into the past with cast fossils. Get ready for a week of experimentation and exploration that is out of this world.

### **Game On:**

Ready, set, play! Every game is a chance to connect with capabilities and creativity! Campers will design their own board games, engineer marble mazes, unleash their inner puzzle master and navigate challenging obstacle courses.

### **Captain's Camp:**

All aboard the sea of adventure! Campers will chart their course with map-making, embark on epic scavenger hunts, build their own boat, dissect squids and uncover sunken treasures in sensory bottles. Welcome to the wild and wonderful life of a pirate in Lookout Cove.

### **Super Superheroes:**

Become the hero of your own story! Campers will tap into their superhero alter ego, design their own comic book, master Gorilla Sign Language for stealthy communication and find their inner balance with superhero-themed yoga! Join us for a week of empowerment, friendship, and superhero-sized fun.

## 7-8 year olds:

### **Lights, Camera, Camp!**

Dive into a week of theatrical exploration, where every moment is a chance to shine on and off the stage! Campers will design the costumes of their dreams, bring characters to life with puppet creation and wield their wit through hilarious improv games. The sky is the limit, and everyone's all the stars!

### **Wild Discoveries:**

Calling all young explorers and budding naturalists! From map making to studying clouds, building bio-domes and forts to discovering geodes and creating nature impressions, a week of wild adventure awaits.
